

*Düsseldorf, Germany*

Annual Congress of the  
European Association of Nuclear Medicine

October 13 – 17, 2018  
Düsseldorf, Germany

## **Joint Symposium 6 (Oncology / ISNS / EHNS)**

**Sunday, October 14, 14:30-16:00**

### **Session Title**

**What is Changing in the Sentinel Node Procedure?**

### **Chairpersons**

Roberto Delgado Bolton (Logroño)

Renato Valdés Olmos (Leiden)

### **Programme**

- 14:30 - 14:50 Joachim Klode (ISNS, Essen): MSLT-II and the Implications for Sentinel Node Biopsy in Melanoma
- 14:50 - 15:10 Jos van der Hage (ISNS, Leiden): Sentinel Node Biopsy in Breast Cancer - New Insights and Indications
- 15:10 - 15:25 Mark McGurk (EHNS, London): Changing Management in Head and Neck Cancer - Results of the Consensus Conference on Sentinel Lymph Node Biopsy
- 15:25 - 15:40 Sergi Vidal-Sicart (Barcelona): New Insights and Indications in Sentinel Node Biopsy - What Changes for Nuclear Medicine?
- 15:40 - 16:00 Round Table (all speakers, chairpersons, Francesco Giammarile): More or Less Sentinel Node Procedures in the Future?
