

*Düsseldorf, Germany*

**Joint Symposium 13 (Neuroimaging / Drug Development / ECNP)  
Monday, October 15, 14:30-16:00**

**Session Title**

**Imaging Phosphodiesterases (PDEs) in the CNS: Targets for Drug Development**

**Chairpersons**

Hanne D. Hansen (ECNP, Copenhagen)

Elsmarieke van de Giessen (Amsterdam)

**Programme**

- 14:30 - 15:00 Winnie Deuther-Conrad (Leipzig): Novel Radioligands for Cyclic Nucleotide Phosphodiesterase Imaging with Positron Emission Tomography - The Latest Developments
- 15:00 - 15:30 Mohammed K. Hankir (Würzburg): Preclinical Imaging of PDE10A - Its Role in Energy Homeostasis
- 15:30 - 16:00 Andrea Varrone (ECNP, Stockholm): Imaging of PDE10A in the Basal Ganglia - Age-Related Changes and Results from Studies in Huntington's Disease
