

*Düsseldorf, Germany*

**Joint Symposium 26 (Translational Molecular Imaging and Therapy / IFCARS)  
Wednesday, October 17, 08:00-09:30**

**Session Title**

**Computer Assisted Image and Radioguided Intervention in Surgery and Radiology**

**Chairpersons**

Renato Valdés Olmos (Leiden)

Heinz Lemke (IFCARS, Berlin)

**Programme**

08:00 - 08:15 Andreas Melzer (IFCARS, Leipzig): Trends in Computer Assisted Intervention

08:15 - 08:30 Thomas Wendler (IFCARS, Munich): Robotic Imaging and Augmented Reality for Computer Assisted Interventions

08:30 - 08:45 Fijs van Leeuwen (Leiden): Portable Gamma-Ray and NIR-Devices for Image-Assisted Surgery Using Hybrid Tracers

08:45 - 09:00 Margret Schottelius (Munich): Surgical Guidance in Prostate Cancer Using PSMA-Targeted Molecular Probes

09:00 - 09:30 Round Table (All speakers & Chairpersons & Sergi Vidal-Sicart): Incorporating Imaging and Machine Intelligence in the Operating Room - Portable and/or Fixed Equipment? Will Interventional Workflows be Affected?
