Lunch Symposium – Siemens Healthineers
Monday, 15 October, 13:00-14:30, Hall 28, Level 2

SIEMENS
Healthineers 

Session Title

Expanding precision medicine with molecular imaging

Leading experts in molecular imaging will share insights into recent advancements in SPECT/CT and PET/CT, including xSPECT Bone™ SPECT/CT and next-generation SiPM-based systems.

Chairperson:

University Professor Alexander Drzezga, University Hospital Cologne, Germany

Programme

MD Christian, Waldherr (Bern, Switzerland):
SPECT/CT: an underestimated method in MSK-radiology and orthopedic surgery

Prof. Wolfgang, Burchert (Bochum, Germany):
Advanced software for Biograph PET/CT: multiparametric imaging and more...

Dr. Ronald Borra and Dr. Walter Noordzij (Groningen, The Netherlands):
First experiences with Biograph Vision
